Play In Morning and See the Reda Beats Crackers.

Atlanta, March 21.—Owing to the fact that O'Day's Cincinnati Beds played with the Atlanta team this afternoon, the New York Americans were able to held only one practice period to-day, but Manager Wolverton made the best of it. It was the warmest day of the spring and the boys who are attil overweight did some very effective reducing. All of the pitchers had a good chanes to limber up. The Highlanders were spectators at the Atlanta-Cincinnati game, which was wen by Cincinnati, 2 to 4. If the Cincinnati, pitching staff comes through as well as the balance of the team have, O'Day will cause considerable trouble this season.

INTRODUCING OUR NEW NATIONALS-NO. 11

ALLEN G. SCHEER

Chiriottesville, Va., March 21.— One ball player who may upset all calculations and land right side up with care in the Nationals' infield is Allen G. Scheer, the boy who hit J21 with Youngstown in the O. and P. League last season, and who was purchased by Jimmy McAleer late last summer with Shanks and Ains-worth.

Schoer had been sick until last

Scheer had been sick until last Saturday, when he donned a uniform for the first time, and his work since has been attracting the attention of Boss Griff and the veterans on the Nationals.

Standing 3 feet 9 inches and weighing 162 pounds, Scheer is one of the most deceptive looking hall players in the business. He resembles a pocket edition of Willie Keeler. The first day out Scheer could not hit any of the pitchers, but it did not take him long to get his batting ere back, and now he is meeting the ball with a pestry swing and playing second base on the Yannigans.

Scheer's home is Kewanna, Ind., and this is his first chance with a major league club. He is only twenty-two years old. Last August Youngstown purchased Scheer's release from the Bluftun club of the Indiana League. At that time Scheer led the league in hitting. In 121s he played with Bluffun, his first professional engagement. He is a product of the sand lots of Kewatna.

Griff is giving the youngster every opportunity to make good, and the kid is showing the right kind of spirit.
